STATE ROUTE 1 (PACIFIC COAST HIGHWAY) EMERGENCY REPAIR PROJECT AT CRYSTAL COVE

Irvine— The California Department of Transportation (Caltrans) is conducting an emergency repair project on Northbound State Route 1 (SR-1)/Pacific Coast Highway (PCH) between the cities of Laguna Beach and Newport Beach near Crystal Cove State Park removing dirt and rock debris as a result of a rockslide, as well as removing unstable rocks from the cliff face in the same area.

Northbound SR-1/PCH has been reduced to one lane. The lane reduction will remain in effect for the duration of the project. Project completion is anticipated by the beginning of December 2013. Electronic Changeable Portable Message Signs are in place, and drivers may take alternate routes as needed.

For more information on this project, you may contact the District 12 Public information Office at (949) 724-2000 or log on to the Caltrans website at www.dot.ca.gov/dist12.

Disclaimer: Due to unforeseen operational factors or inclement weather, these times and dates may change.

California law requires vehicles to safely reduce speed, move over, and merge into unoccupied lanes when emergency vehicles, construction vehicles, or tow trucks are displaying flashing warning lights.

Caltrans reminds motorists to use extra caution and reduce speeds when driving through construction zones.
